15 5. The lead agency, in consultation with any other state agencies involved
16 in the Part C early intervention system, shall submit rules and regulations, other
17 than emergency rules and regulations, to the council for review prior to the lead

13 eligibility.

14 4. The lead agency shall monitor system expenditures for administrative
15 services and regional offices to ensure maximum utilization of state funds for all
16 children determined to be eligible for early intervention services. The lead
17 agency or its designee shall provide regional offices with the necessary financial
18 data to assist regional offices in monitoring their expenditures and the cost of
19 direct services. Such data shall include the number of children eligible from the
20 most recent child count from that region and monthly data reports on the costs
21 spent by providers in their network.

22 5. The lead agency shall establish a bidding process for determining
23 regional offices across the state. The bidding process shall establish criteria for
24 allowing regions to implement models that will serve the unique needs of their
25 community. Such process shall encourage organizations bidding for a center to
26 demonstrate agreements:

27 (1) With other state and local government entities that provide services
28 to infants and toddlers with developmental disabilities including regional centers
29 as defined in section 633.005, RSMo, and boards established under sections

36 **7. Notwithstanding the provisions of section 23.253, RSMo, to the**
37 **contrary, the provisions of this section shall not sunset.**

160.915. 1. Each regional office shall include in their proposal the

5 functions to be provided at public expense, with no cost to the parent;

6 (2) Contract with established community early intervention providers or

7 hire providers as geographic necessity requires to ensure all services are available
8 and accessible within the region;

9 (3) Implement a system of provider oversight to ensure:

10 (a) That all services are available and accessible within that region
11 including the use of providers hired by the regional office where geographic
12 necessity requires this practice; and

13 (b) Compliance by all providers in the regional office's provider network,
14 including but not limited to upholding the requirements of Part C of IDEA;

15 (4) Include in each child's individual family service plan family-oriented
16 approaches to support the child's developmental goals;

20 (6) Develop or maintain resources or utilize multiple funding sources for
21 providing early intervention services for children with disabilities in the region
22 for which they are bidding; and

28 regulation.

29 **3. Notwithstanding the provisions of section 23.253, RSMo, to the**
30 **contrary, the provisions of this section shall not sunset.**

160.920. 1. No funds appropriated to the lead agency for the
2 implementation and administration of sections 160.900 to 160.925 shall be used
3 to satisfy a financial commitment for services that should have been paid from
4 another public or private source. Federal funds available under Part C of the
5 IDEA, 20 U.S.C. Section 1431, et seq., shall be used whenever necessary to
6 prevent the delay of early intervention services to the eligible child or
7 family. When funds are used to reimburse the service provider to prevent a delay
8 of the provision of services, the funds shall be recovered from the public or
9 private source that has ultimate responsibility for the payment.

10 2. Nothing in this section shall be construed to permit any other state
11 agency providing medically related services to reduce medical assistance to
12 eligible children.

13 3. Payments for the provision of direct early intervention services to

14 children and families shall be paid in the manner prescribed by the lead agency.

15 4. The lead agency shall promulgate rules for the reimbursement of

20 children.

21 6. The lead agency or its designee may pay required deductibles,
22 co-payments, coinsurance or other out-of-pocket expenses for a Part C early
23 intervention program eligible child directly to a provider.

24 7. The lead agency shall promulgate rules that establish a schedule of
25 monthly cost participation fees for early intervention services per qualifying
26 family regardless of the number of children participating or the amount of
27 services provided. Such fees shall not include services to be provided to the
28 family at no cost as established in Part C of IDEA, 20 U.S.C. Section 1431, et
29 seq. Fees shall be based on a sliding scale to become effective October 1, 2005,
30 that contemplates the following elements:

31 (1) Adjusted gross income, family size, financial hardship and Medicaid
32 eligibility with the fee implementation beginning at two hundred percent of the
33 federal poverty guidelines;

34 (2) A minimum fee amount of five dollars to the maximum amount of one
35 hundred dollars monthly, with the lead agency retaining the right to revise the
36 fee schedule no earlier than the third year after the family cost participation
37 effective date;

38 (3) An increased fee schedule for parents who have insurance and elect
39 not to assign such right of recovery or indemnification to the lead agency;

40 (4) Procedures for notifying the regional office that a family is not
41 complying with the cost participation fee and procedures for suspending services.

42 8. All amounts generated by family cost participation, insurance
43 reimbursements, and Medicaid reimbursement shall be deposited to the fund
44 created in section 160.925.

45 9. The lead agency may assign the collection of early intervention
46 participation fees, payments, and public or private insurance to a designee,
47 contractor, provider, third-party agent, or designated clearinghouse participating
48 in the Part C early intervention system. Such fees, payments, or insurance
49 amounts shall be paid to the department, its designee, contractor, provider,
50 third-party agent, or designated clearinghouse in a timely manner. Notice of

51 collection procedures, schedule of fees or payments, and guidelines for inability
52 to pay shall be made available to parents of eligible children.

53 **10. Notwithstanding the provisions of section 23.253, RSMo, to**
54 **the contrary, the provisions of this section shall not sunset.**

160.925. 1. There is hereby created in the state treasury the "Part C
2 Early Intervention System Fund" for implementing the provisions of sections
3 160.900 to 160.925. Moneys deposited in the fund shall be considered state funds
4 under article IV, section 15 of the Missouri Constitution. The state treasurer
5 shall be custodian of the fund and shall disburse moneys from the fund in
6 accordance with sections 30.170 and 30.180, RSMo. Upon appropriation, money
7 in the fund shall be used solely for the administration of sections 160.900 to
8 160.925. [Notwithstanding the provisions of section 33.080, RSMo, to the
9 contrary, any moneys remaining in the fund at the end of the biennium shall not
10 revert to the credit of the general revenue fund.] The state treasurer shall invest
11 moneys in the fund in the same manner as other funds are invested. Any interest
12 and moneys earned on such investments shall be credited to the fund.

13 **2. At the end of each biennium and after all statutorily or**
14 **constitutionally required transfer of funds have been made, the state**
15 **treasurer shall transfer the balance in the fund, except for gifts,**
16 **donations, bequests, or money received from a federal source, created**
17 **in subsection 1 of this section in excess of two hundred percent of the**
18 **previous fiscal year's expenditures into the state general revenue fund.**

19 **3. Notwithstanding the provisions of section 23.253, RSMo, to the**
20 **contrary, the provisions of this section shall not sunset.**

160.932. 1. Subject to appropriations, the department of
2 elementary and secondary education shall implement a pilot program
3 allowing the regional interagency coordinating council of the greater
4 St. Louis system point of entry to hire a part-time child-find
5 coordinator to conduct the child-find requirements under subsection
6 3 of section 160.910 for the region. The part-time child-find coordinator
7 shall be hired, selected, and employed by the regional interagency
8 coordinating council of the greater St. Louis system point of entry by
9 July 1, 2008.

10 **2. By September 1, 2010, the greater St. Louis system point of**
11 **entry shall conduct a study on the effect of hiring the child-find**
12 **coordinator under this section. The study shall be submitted to the**
13 **department, the state interagency coordinating council and the general**

14 assembly.

15 **3. The provisions of this section shall expire on September 1,**
16 **2011.**

160.933. 1. There is hereby created in the state treasury the
2 **"Part C Early Intervention Pilot Program Fund" for implementing the**
3 **provisions of section 160.932. Moneys deposited in the fund shall be**
4 **considered state funds under article IV, section 15 of the Missouri**
5 **constitution. The state treasurer shall be custodian of the fund and**
6 **may disburse moneys from the fund in accordance with sections 30.170**
7 **and 30.180, RSMo. Upon appropriation, money in the fund shall be used**
8 **solely for administration of section 160.932. The state treasurer shall**
9 **invest moneys in the fund in the same manner as other funds are**
10 **invested. Any interest and moneys earned on such investments shall be**
11 **credited to the fund.**

12 **2. At the end of each biennium and after all statutorily or**
13 **constitutionally required transfer of funds have been made, the state**
14 **treasurer shall transfer the balance in the fund, except for gifts,**
15 **donations, bequests, or money received from a federal source, created**
16 **in subsection 1 of this section in excess of two hundred percent of the**
17 **previous fiscal year's expenditures into the state general revenue fund.**

18 **3. The department of elementary and secondary education shall**
19 **promulgate rules to implement the provisions of section 160.932. Any**
20 **rule or portion of a rule, as that term is defined in section 536.010,**
21 **RSMo, that is created under the authority delegated in this section**
22 **shall become effective only if it complies with and is subject to all of**
23 **the provisions of chapter 536, RSMo, and, if applicable, section 536.028,**
24 **RSMo. This section and chapter 536, RSMo, are nonseverable and if any**
25 **of the powers vested with the general assembly under chapter 536,**
26 **RSMo, to review, to delay the effective date, or to disapprove and annul**
27 **a rule are subsequently held unconstitutional, then the grant of**
28 **rulemaking authority and any rule proposed or adopted after August**
29 **28, 2007, shall be invalid and void.**

162.431. 1. When it is necessary to change the boundary lines between
2 **seven-director school districts, in each district affected, ten percent of the voters**
3 **by number of those voting for school board members in the last annual school**
4 **election in each district may petition the district boards of education in the**
5 **districts affected, regardless of county lines, for a change in boundaries. The**

6 question shall be submitted at the next [general municipal] election, **as the term**
7 **"election" is defined in section 115.123, RSMo.**

8 2. The voters shall decide the question by a majority vote of those who
9 vote upon the question. If assent to the change is given by each of the various
10 districts voting, each voting separately, the boundaries are changed from that
11 date.

12 3. If one of the districts votes against the change and the other votes for
13 the change, the matter may be appealed to the state board of education, in
14 writing, within fifteen days of the submission of the question by either one of the
15 districts affected, or in the above event by a majority of the signers of the petition
16 requesting a vote on the proposal. At the first meeting of the state board
17 following the appeal, a board of arbitration composed of three members, none of
18 whom shall be a resident of any district affected, shall be appointed. In
19 determining whether it is necessary to change the boundary line between
20 seven-director districts, the board of arbitration shall base its decision upon the
21 following:

- 22 (1) The presence of school-aged children in the affected area;
23 (2) The presence of actual educational harm to school-aged children, either
24 due to a significant difference in the time involved in transporting students or
25 educational deficiencies in the district which would have its boundary adversely
26 affected; and
27 (3) The presence of an educational necessity, not of a commercial benefit
28 to landowners or to the district benefitting for the proposed boundary adjustment.

29 **4. If the potential receiving district obtained a score consistent**
30 **with the criteria for classification of the district as "accredited" on its**
31 **most recent annual performance report and the potential sending**
32 **district obtained a score consistent with the criteria for classification**
33 **of the district as "unaccredited" on its most recent annual performance**
34 **report, the board shall approve the proposed boundary change for the**
35 **educational well-being of the children enrolled in the potential sending**
36 **district.**

37 [4.] **5.** Within twenty days after notification of appointment, the board
38 of arbitration shall meet and consider the necessity for the proposed changes and
39 shall decide whether the boundaries shall be changed as requested in the petition
40 or be left unchanged, which decision shall be final. The decision by the board of
41 arbitration shall be rendered not more than thirty days after the matter is
42 referred to the board. The chairman of the board of arbitration shall transmit the

43 decision to the secretary of each district affected who shall enter the same upon
44 the records of his district and the boundaries shall thereafter be in accordance
45 with the decision of the board of arbitration. The members of the board of
46 arbitration shall be allowed a fee of fifty dollars each, to be paid at the time the
47 appeal is made by the district taking the appeal or by the petitioners should they
48 institute the appeal.

49 [5.] 6. If the board of arbitration decides that the boundaries shall be left
50 unchanged, no new petition for the same, or substantially the same, boundary
51 change between the same districts shall be filed until after the expiration of two
52 years from the date of the municipal election at which the question was submitted
53 to the voters of the districts.

162.675. As used in sections 162.670 to 162.995, unless the context
2 clearly indicates otherwise, the following terms mean:

3 (1) **"Children with disabilities" or "handicapped children",**
4 **children under the age of twenty-one years who have not completed an**
5 **approved high school program and who, because of mental, physical,**
6 **emotional or learning problems, require special educational services;**

7 (2) "Gifted children", children who exhibit precocious development of
8 mental capacity and learning potential as determined by competent professional
9 evaluation to the extent that continued educational growth and stimulation could
10 best be served by an academic environment beyond that offered through a
11 standard grade level curriculum;

12 [(2) "Handicapped children", children under the age of twenty-one years
13 who have not completed an approved high school program and who, because of
14 mental, physical, emotional or learning problems, require special educational
15 services;]

16 (3) "Severely handicapped children", handicapped children under the age
17 of twenty-one years who meet the eligibility criteria for state schools for severely
18 handicapped children, identified in state regulations that implement the
19 Individuals with Disabilities Education Act;

20 (4) "Special educational services", programs designed to meet the needs
21 of **children with disabilities or** handicapped or severely handicapped children
22 and which include, but are not limited to, the provision of diagnostic and
23 evaluation services, student and parent counseling, itinerant, homebound and
24 referral assistance, organized instructional and therapeutic programs,
25 transportation, and corrective and supporting services.

162.700. 1. The board of education of each school district in this state,

2 except school districts which are part of a special school district, and the board
3 of education of each special school district shall provide special educational
4 services for [handicapped] children **with disabilities** three years of age or more
5 residing in the district as required by P.L. 99-457, as codified and as may be
6 amended. Any child, determined to be [handicapped] **a child with disabilities**,
7 shall be eligible for such services upon reaching his or her third birthday and
8 state school funds shall be apportioned accordingly. This subsection shall apply
9 to each full school year beginning on or after July 1, 1991. In the event that
10 federal funding fails to be appropriated at the authorized level as described in 20
11 U.S.C. 1419(b)(2), the implementation of this subsection relating to services for
12 [handicapped] children **with disabilities** three and four years of age may be
13 delayed until such time as funds are appropriated to meet such level. Each local
14 school district and each special school district shall be responsible to engage in
15 a planning process to design the service delivery system necessary to provide
16 special education and related services for children three and four years of age
17 with [handicaps] **disabilities**. The planning process shall include public,
18 private, and private not-for-profit agencies which have provided such services for
19 this population. The school district, or school districts, or special school district,
20 shall be responsible for designing an efficient service delivery system which uses
21 the present resources of the local community which may be funded by the
22 department of elementary and secondary education or the department of mental
23 health. School districts may coordinate with public, private, and private
24 not-for-profit agencies presently in existence. The service delivery system shall
25 be consistent with the requirements of the department of elementary and
26 secondary education to provide appropriate special education services in the least
27 restrictive environment.

28 2. Every local school district or, if a special district is in operation, every
29 special school district shall obtain current appropriate diagnostic reports for each
30 [handicapped] **with disabilities** child prior to assignment in a special
31 program. These records may be obtained with parental permission from previous
32 medical or psychological evaluation, may be provided by competent personnel of
33 such district or special district, or may be secured by such district from competent
34 and qualified medical, psychological, or other professional personnel.

35 3. Evaluations of private school students suspected of having a disability
36 under the Individuals With Disabilities Education Act will be conducted as
37 appropriate by the school district in which the private school is located or its
38 contractor.

39 4. Where special districts have been formed to serve [handicapped]
40 children **with disabilities** under the provisions of sections 162.670 to 162.995,
41 such children shall be educated in programs of the special district, except that
42 component districts may provide education programs for [handicapped] children
43 **with disabilities** ages three and four inclusive in accordance with regulations
44 and standards adopted by the state board of education.

45 5. For the purposes of this act, remedial reading programs are not a
46 special education service as defined by subdivision (4) of section 162.675.

47 6. Any and all state costs required to fund special education services for
48 three- and four-year-old children [pursuant to] **under** this section shall be
49 provided for by a specific, separate appropriation and shall not be funded by a
50 reallocation of money appropriated for the public school foundation program.

51 7. School districts providing early childhood special education shall give
52 consideration to the value of continuing services with Part C early intervention
53 system providers for the remainder of the school year when developing an
54 individualized education program for a student who has received services
55 [pursuant to] **under** Part C of the Individuals With Disabilities Education Act
56 and reaches the age of three years during a regular school year. Services
57 provided shall be only those permissible according to Section 619 of the
58 Individuals with Disabilities Education Act.

59 8. Any rule or portion of a rule, as that term is defined in section 536.010,
60 RSMo, that is created under the authority delegated in this section shall become
61 effective only if it complies with and is subject to all of the provisions of chapter
62 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter
63 536, RSMo, are nonseverable and if any of the powers vested with the general
64 assembly [pursuant to] **under** chapter 536, RSMo, to review, to delay the
65 effective date or to disapprove and annul a rule are subsequently held
66 unconstitutional, then the grant of rulemaking authority and any rule proposed
67 or adopted after August 28, 2002, shall be invalid and void.

376.1218. 1. Any health carrier or health benefit plan that offers or
2 issues health benefit plans, other than Medicaid health benefit plans, which are
3 delivered, issued for delivery, continued, or renewed in this state on or after
4 January 1, 2006, shall provide coverage for early intervention services described
5 in this section that are delivered by early intervention specialists who are health
6 care professionals licensed by the state of Missouri and acting within the scope
7 of their professions for children from birth to age three identified by the Part C
8 early intervention system as eligible for services under Part C of the Individuals

9 with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Such coverage
10 shall be limited to three thousand dollars for each covered child per policy per
11 calendar year, with a maximum of nine thousand dollars per child.

12 2. As used in this section, "health carrier" and "health benefit plan" shall
13 have the same meaning as such terms are defined in section 376.1350.

14 3. In the event that any health benefit plan is found not to be required to
15 provide coverage under subsection 1 of this section because of preemption by a
16 federal law, including but not limited to the act commonly known as ERISA
17 contained in Title 29 of the United States Code, or in the event that subsection
18 1 of this section is found to be unconstitutional, then the lead agency shall be
19 responsible for payment and provision of any benefit provided under this section.

20 4. For purposes of this section, "early intervention services" means
21 medically necessary speech and language therapy, occupational therapy, physical
22 therapy, and assistive technology devices for children from birth to age three who
23 are identified by the Part C early intervention system as eligible for services
24 under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section
25 1431, et seq. Early intervention services shall include services under an active
26 individualized family service plan that enhance functional ability without
27 effecting a cure. An individualized family service plan is a written plan for
28 providing early intervention services to an eligible child and the child's family
29 that is adopted in accordance with 20 U.S.C. Section 1436. The Part C early
30 intervention system, on behalf of its contracted regional Part C early intervention
31 system centers and providers, shall be considered the rendering provider of
32 services for purposes of this section.

33 5. No payment made for specified early intervention services shall be
34 applied by the health carrier or health benefit plan against any maximum
35 lifetime aggregate specified in the policy or health benefit plan if the carrier opts
36 to satisfy its obligations under this section under subdivision (2) of subsection 7
37 of this section. A health benefit plan shall be billed at the applicable Medicaid
38 rate at the time the covered benefit is delivered, and the health benefit plan shall
39 pay the Part C early intervention system at such rate for benefits covered by this
40 section. Services under the Part C early intervention system shall be delivered
41 as prescribed by the individualized family service plan and an electronic claim
42 filed in accordance with the carrier's or plan's standard format. Beginning
43 January 1, 2007, such claims' payments shall be made in accordance with the
44 provisions of sections 376.383 and 376.384.

45 6. The health care service required by this section shall not be subject to

46 any greater deductible, co-payment, or coinsurance than other similar health care
47 services provided by the health benefit plan.

48 7. (1) Subject to the provisions of this section, payments made during a
49 calendar year by a health carrier or group of carriers affiliated by or under
50 common ownership or control to the Part C early intervention system for services
51 provided to children covered by the Part C early intervention system shall not
52 exceed one-half of one percent of the direct written premium for health benefit
53 plans as reported to the department of insurance on the health carrier's most
54 recently filed annual financial statement.

55 (2) In lieu of reimbursing claims under this section, a carrier or group of
56 carriers affiliated by or under common ownership or control may, on behalf of all
57 of the carrier's or carriers' health benefit plan or plans providing coverage under
58 this section, directly pay the Part C early intervention system by January
59 thirty-first of the calendar year an amount equal to one-half of one percent of the
60 direct written premium for health benefit plans as reported to the department of
61 insurance on the health carrier's most recently filed annual financial statement,
62 or five hundred thousand dollars, whichever is less, and such payment shall
63 constitute full and complete satisfaction of the health benefit plan's obligation for
64 the calendar year. Nothing in this subsection shall require a health carrier or
65 health benefit plan providing coverage under this section to amend or modify any
66 provision of an existing policy or plan relating to the payment or reimbursement
67 of claims by the health carrier or health benefit plan.

68 8. This section shall not apply to a supplemental insurance policy,
69 including a life care contract, specified disease policy, hospital policy providing
70 a fixed daily benefit only, Medicare supplement policy, hospitalization-surgical
71 care policy, policy that is individually underwritten or provides such coverage for
72 specific individuals and members of their families, long-term care policy, or
73 short-term major medical policies of six months or less duration.

74 9. Except for health carriers or health benefit plans making payments
75 under subdivision (2) of subsection 7 of this section, the department of insurance
76 shall collect data related to the number of children receiving private insurance
77 coverage under this section and the total amount of moneys paid on behalf of such
78 children by private health carriers or health benefit plans. The department shall
79 report to the general assembly regarding the department's findings no later than
80 January 30, 2007, and annually thereafter.
